Emergency IDP Settlement Rehabilitation Programme

Weeks 18 Progress Report

9-15 May 2008

Summary

The 18th week of the *Emergency IDP Settlement Rehabilitation Programme* progressed well in all the 16 districts of Mogadishu. Though there have been obvious insecurity problems throughout the city, it has been the roadblocks and security checks that have caused most problems in constraining optimal effectiveness of the programme.

Districts that were weighed down by the ongoing skirmishes between the TFG-backed militias and Ethiopian forces and opposition insurgents included Heliwaa, some sectors of Yaqshid, some sectors of Hodan, Hawl-wadag and Deynile. Overall, the programme has been able to operate without constraint in all the 16 district sites.

SAACID key staff continuously monitored and visited worksites to encourage and push the workers and district representative to work hard and meet the programme planned outputs.

SAACID key programme staff met with the SAACID administration section to discuss the possibility of putting together some district's human resources and their trucks in removing piles of garbage in certain settlements to meet the programme's planned outputs and the timely cleaning of all targeted settlements. It was agreed to call a meeting with all the worksite monitors on 20 May to discuss the issue of teaming certain districts.

In the meantime, since the district of Shibis has successfully finished all of its 11 settlements; and it was directed that they should immediately join forces with Karaan, who have many settlements with huge amounts of garbage.
